Artist by Heart, Full Service Graphics Studio by Design

In today's world, very few people get to do what they love for a career. However, due to a stroke of luck for Curt Wussow, owner of WISSH Graphics, he does. He has been able to do what he loves for over 30 years now, using his artistic talent and passion for graphic arts, while helping businesses grow. Founded in 1997, WISSH Graphics started with the unexpected closing of a design company, where he had been a senior manager. Concerned that his customers would no longer receive the ongoing quality services they needed, the artist with the mind of a businessman took control.

Curt immediately stepped off the dock and into the canoe of entrepreneurship and began contacting those customers, offering to help them by continuing to provide the services they needed. That was just the beginning; now 14 years later the artist by heart has a thriving, full service graphic

design studio. His ability to not skip a beat, and to take care of those customers is why to this day, his first customer is still his customer.

WISSH Graphics offers businesses a variety of marketing products such as; tri-fold brochures, logos, business stationery, posters, banners, magazine ads, product catalogs, and websites. He provides new businesses with a logo, business stationery, a tri-fold brochure and a website courtesy of his Small Business Marketing Package.

Another of Curt's artistic strengths lies in technical illustration, creating easy-to-understand graphic manuals and brochures designed to show how to unpack, setup, operate and repair complex machinery. His unique ability to take the complex and intricate and make it easy to understand lies at

the heart of his talent. To learn more about this artist by heart and his full service graphic design studio, visit his website, www.wisshgraphics.com. You can also call 612-760-2087 for a free consultation on your next project. It's wonderful when you get to do what you love while helping businesses grow.
